Here's what some of our clients say:

*"BeLife provided an extremely effective and valuable introduction to BI Publisher equipping us with what we need to utilise the tool."*

Borough Council

*"I have heard Simon Tomey present twice now and can recommend him as an engaging speaker who can quickly deliver tangible benefit. If you don't use BeLife for consulting, then at least get them along for a presentation on Oracle BIP – it will feel like you've got a day's training in an hour."*

- *"During BeLife's presentation to us, we identified three key Finance reports which we will now transform at no cost."*
- *"When they show you what you can do with BIP it will be like that feeling you get when you discover a forgotten £50 note in your pocket."*

County Council

*"Adam presented well and knew his stuff, I particularly like the way it can separate out the data layer of the reports - that coupled with bursting provides a good solution to a current requirement I have. We also used this concept straight away yesterday ...so it was well worth looking at."*

Utility company

*"Inspired by the enthusiasm and their determined lust for utilizing already licensed BIP products, BeLife have been the catalyst for us to deliver a significant number of reports for ourselves."*

*BeLife have provided us with informal support, providing a helping hand and pointing us in the right direction for which they are both delighted and re-invigorated by our success.*

*We are now progressing with developing formal, tailored training sessions with BeLife to utilise their functional and technical expertise to give us the confidence to progress to even the most complex elements of XML."*

Metropolitan Borough Council

*"I would recommend Belife for training because they are knowledgeable, friendly and approachable. They are keen to meet our needs and objectives and offer after course support."*

County Council

*"[BeLife] helped us kick start integration of BI in Oracle Apps..[by delivering] a one on one training which was very much tailored to our specific needs."*

London Borough Council

*"[BeLife's] demonstration & discussion have helped with the fundamentals. I feel much more confident with progressing in BI now."*

London Borough Council

*"I would recommend BeLife for training because they have the knowledge to demonstrate how both accounting and IT requirements can be addressed using a single product."*
